

TEAM GREEN POWER UP

ATV Magazine Names Prowler XTZ 1000 2011 Work and Play Champ

“HIGH PERFORMANCE UTV SHOOTOUT VS. CAN-AM COMMANDER 1000”

The “buzz” concerning the introduction of the Can-Am Commander 1000 is turning out to be just that – buzz.

ATV Magazine editors pooled their opinions and notes after two days of hardcore testing and determined that potential big-bore UTV buyers should focus on the Prowler XTZ 1000. A big engine, big capabilities and big fringe benefits added up to a winning package, as the XTZ was deemed the No. 1 rated, multi-task UTV. The newly added power steering, driver protection and splash of style took it over the top as the new **Work & Play Champ for 2011**.

In the October 2010 issue of *ATV Magazine*, the editorial staff conducted the magazine industry’s first Ultimate Rec-Ute Shootout between the biggest UTV players in the industry: Arctic Cat Prowler XTZ 1000 vs. Can-Am Commander 1000 vs. Polaris RzR 800 vs. Polaris Ranger 800 vs. Kawasaki Teryx 750 vs. Yamaha Rhino 700 vs. Kymco UXV 500.

NEWS FLASH: XTZ 1000 BEATS CAN-AM COMMANDER 1000!

The November 2010 issue of *ATV Action*.

“Further inspection claims at a recent Paiute UTV Jamboree, the UTV drag races revealed a new pecking order in all-out acceleration, but the new Commander 1000 wasn’t at the top. A stone-stock Arctic Cat Prowler XTZ 1000 beat the Commander 1000 to the finish line three out of three times as well as a turbo charged RzR 800.”
